

MUSTERING OUT OF SOLDIERS DELAYED

IT MAY MEAN THEIR RETURN TO ACTIVE DUTY.

Spanish Delay in Evacuating Havana Thought to Be the Reason—Troops May Yet Be Needed to Expel the Dons—Time Will Be Required to Complete the Work.

It is suspected here that the extension of the furlough of the First Regiment of Wisconsin volunteers for fifteen days is not due to the inability of the mustering out officers to get around in the stipulated time, but to a fear that their services may yet be needed to drive the Spaniards out of Cuba. The Dons received notice some time ago that the United States troops would enter Havana on the 20th of the present month, and that the city must be evacuated before that time. Captain General Blanco, under instructions from Madrid, has delayed his preparations for going, and it is now announced that the city cannot be surrendered before the beginning of next year. Military officers construe this delay as a threat that war is to be renewed, and that the Spaniards have no intention whatever of surrendering the Cuban capital.

May Go Back to Camp.

It is for this reason that the members of Company A are called upon to remain in Uncle Sam's service fifteen days longer than they figured on.

Members of the local company knew nothing of such an order this morning, and seemed to care but little. The majority of them said they would rather see their furloughs extended another fifteen days. Others hoped the mustering out would take place this month, as planned.

Little Known About It.

Colonel Caldwell, assistant state quartermaster, was in Janesville this morning and when asked about the fifteen day extension said he had not heard anything about such an order, and that the present indications all pointed to the mustering out on Oct. 19.

It Will Take Time.

Captain Andrus, mustering out officer, has not received word from Washington, as to the work of mustering out the men. He has written for definite instructions and is anxious to get the work finished. He said last evening that when orders did come to begin the work, it would probably take all of two weeks. A day each will be required for the companies for making physical examinations, and the paying of the men, and other details will take another day for each company, while there will be the necessary traveling from one company to take up additional time. The captain expects that the orders will be to muster the companies out at their home stations. At present, preliminary work is being done, such as inspecting company records. Capt. Andrus and Lieut. Caldwell are checking up the First regiment records with Capt. Buck and Lieut. McArthur those of the Second.

Germany Expels Anarchists.

Berlin, Oct. 3.—The government of the various German states began last week to act within their own spheres in expelling foreigners who have become prominent as anarchists or extreme socialist agitators. The government of Saxony expelled two leading Polish socialists and a number of anarchistic writers. Bavaria followed suit. The Prussian government has given a number of Austrian and Russian agitators, including the German Anarchist Bader Landauer, a fortnight's notice to leave the country.

Another Trans-Pacific Line.

Vancouver, B. C., Oct. 3.—The Canadian Pacific railway will establish another Trans-Pacific line almost immediately. The steamers Tartar and Athenian, of over 4,500 tons each, will be run between Vancouver and Vladivostok, the terminus of the Trans-Siberian railroad line. The Athenian will sail first, loading here with lumber and rails for the Siberian line, and then proceeding to Seattle and Portland, where grain will probably be placed aboard for famine-stricken Russians.

Brotherhood of St. Andrew.

Baltimore, Md., Oct. 4.—The program of the closing day of the convention of the Brotherhood of St. Andrew included communion services in a number of the P. E. churches, the annual sermon in Emanuel church by Rev. William S. Rainsford, D. D., of St. George's church, New York; worship in the various churches, in many of which visiting clergymen delivered sermons to large congregations; public meetings at Music hall in the afternoon and evening and the farewell meeting at the same place at night.

Obdam Brings Sick Soldiers.

Santiago de Cuba, Oct. 3.—The transport Obdam from Porto Rico sailed hence Sunday for New York. She has on board 240 sick soldiers from Porto Rico and a few officers from this place. Surgeon Major Seamon objected to convalescents from Santiago being placed on the Obdam, saying there was not room for them. Gen. Lawton thereupon declined to take the risk of ordering them aboard the steamer.

TO CURE A COLD IN ONE DAY
Take Luxative Bromo Tablets. All druggists refund the money if it fails to cure. 25c. The genuine has L. B. T. on each tablet.

FIREBUGS WORK AT CLINTON

Janesville Officers Are Investigating a Case of Incendiarism.

Sheriff Acheson and Officer Appleby were called to Clinton this morning to investigate another fire mystery. From indications it seems that fire bugs are again active in Clinton, and arrests are liable to follow at any time. Last evening about 9:45 o'clock smoke and flames were discovered in an old abandoned barn that was formerly used in connection with the Taylor house. Indications were that the structure was set afire.

FINGER IN CHINA'S PIE

Uncle Sam Will Look After American Interests in the Celestial Kingdom.

Washington, Oct. 3.—[Special]—Instructions have been sent to Admiral Dewey directing him to send the cruiser Baltimore to Tsin Tsin, China, at once. This action shows conclusively the concern felt by the administration with the existing conditions in China. The instructions to the Baltimore captain require him, immediately upon arrival, to communicate with Minister Conger and take every step to protect American interests.

NEGROES DRIVEN OUT

Miners at Washington, Ind., Force Colored Workmen to Leave the Mines.

Washington, Ind., Oct. 3.—[Special]—There was an uprising of coal miners last night, during which a body of colored miners were driven from the city at the point of pistols. The excitement has totally subsided today, and no further trouble is feared.

TO REPRESS ANARCHY

European Powers Decide Upon Measures to Stamp Out the Malcontents.

London, Oct. 3.—[Special]—A Rome dispatch says the interchange of opinions between the powers regarding internal measures against the anarchists resulted in expressions favorable to such action.

REMAINED FOR A WEEK

Mrs. Nancy Guilford, Charged With the Bridgeport Murder, in London Court.

London, Oct. 3.—[Special]—Mrs. Nancy Guilford was arraigned in the police court this morning on extradition proceedings. She was remanded for a week.

BASEBALL REPORT.

Standing of the Clubs in the National League.

The only games yesterday were two between Cincinnati and St. Louis, won by the Reds, and one between Brooklyn and Washington, falling to the former. The pivotal struggle for the pennant begins today when Boston and Baltimore come together. The six games between these teams, three in each city, will be decisive of the race. Baltimore needs to win at least four and probably five. The standing:

| | W. | L. | Pct. |
|--------------|----|-----|------|
| Boston | 95 | 45 | .679 |
| Baltimore | 91 | 48 | .655 |
| Cincinnati | 88 | 58 | .603 |
| Cleveland | 77 | 61 | .558 |
| Chicago | 73 | 64 | .529 |
| New York | 72 | 63 | .534 |
| Philadelphia | 69 | 67 | .507 |
| Pittsburg | 68 | 72 | .486 |
| Louisville | 64 | 76 | .457 |
| Brooklyn | 51 | 83 | .381 |
| Washington | 48 | 93 | .340 |
| St. Louis | 36 | 102 | .261 |

Yesterday's games resulted as follows: At Cincinnati: Cincinnati, 6; St. Louis, 2; Cincinnati, 4; St. Louis, 0.

At New York—Brooklyn, 4; Washington, 3.
Games today: Louisville at Chicago, Cleveland at Pittsburg, New York at Philadelphia, Baltimore at Boston, Washington at Brooklyn, St. Louis at Cincinnati.

RIOTS IN PARIS.

Police Refuse to Allow Friends of Dreyfus to Hold Meetings.

Paris, Oct. 3.—The holding of the Dreyfus demonstration, organized by M. Pressence, one of the leaders in the agitation, for Sunday afternoon, was prevented by the closing of the Salle Wagram. M. Pressence and his friends tried to force an entrance, and an uproar resulted. Disorders occurred during the evening in the vicinity of the offices of the Libre Parole. Several arrests were made.

Many persons were slightly injured in the disturbances, though sticks were the only weapons used. It is learned that six of the persons arrested have been held.

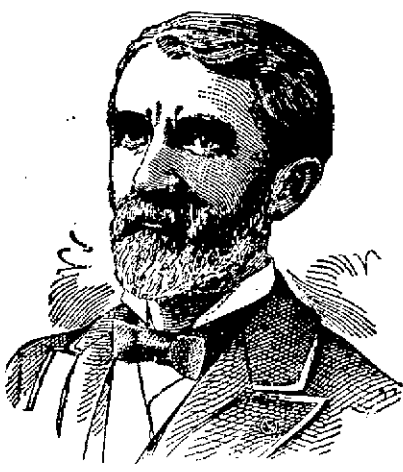

Although the disorders have not been attended with serious results they have created intense alarm among the foreigners at the hotels, and it is probable that an exodus will occur. The working classes so far have held aloof, but the leaders of the rival parties are doing their utmost to stir them up and it is believed that the disorders will be repeated.

ACTIVE CAMPAIGN BEGINS THIS WEEK

REPUBLICANS WILL HOLD A RALLY AT MILWAUKEE.

Governor Scofield and Senator Spooner Will Make Addresses—Much Work Has Already Been Done in Organizing the Forces—No Doubt of the Result.

Madison, Wis., Oct. 3.—The republican state central committee will begin active campaign work this week. The formal opening of the campaign will be made at Milwaukee, where Governor Scofield and Senator Spooner will make addresses. The principal address of the

GOVERNOR SCOFIELD.

evening will be made by Senator Spooner, and Governor Scofield will make a short address at the opening.

Notwithstanding that since the two state conventions were held there has been very little stir made, there has been on the part of the republicans, at least, a great deal of active preparatory work, and when the campaign is launched there will be lively times from then until election day.

The democrats will endeavor at every meeting to shift the question on to state issues in order to avoid a discussion of the money question.

Wisconsin republican leaders have no doubt whatever that the republican state ticket will be elected by a good majority, but if the democrats could succeed in diverting attention from the money question they might be able to secure several congressmen in the close

SENATOR SPOONER.

districts. This would be more fatal in many ways than the defeat of the state ticket, because if a silver congressman were elected from this state in any district it would not be because a majority of the people of that district favored free silver or repudiation, but because the people's attention had been diverted from the real question, and thus the state would be misrepresented and a wrong impression given abroad as to the sentiment of the people of Wisconsin on the money question.

With the old roster scandal so fresh in the minds of the people of the state, prudence should have dictated to ex-Governor Peck, who is managing the democratic campaign, that it would be wise on the part of the democrats to avoid rather than stir up state questions.

RETURN OF AN OLD FAVORITE

John Dillon Will Be Seen At The Opera House Saturday Evening.

The coming of the veteran comedian, John Dillon, on Saturday evening next, will be a treat to theater goers generally. For many years Mr. Dillon has been the best of his class. There is a hearty laugh in his every look, and his every utterance convulses his audience with merriment. This is Mr. Dillon's last season on the stage. He proposes to retire before his powers have begun to decay so that the public will have only pleasing remembrances of him. He has always been a popular favorite in Janesville, and will doubtless pack the opera house to its utmost capacity.

It Was Hard Work.

First stranger (on railway train).—"So you are selling Prof. Blank's new book, are you? Strange coincidence. I am Prof. Blank. Second stranger:—"That so? Then you wrote the very book I am agent for?" "Yes. The hardest work I ever did was writing that book." "Well, well! That's another strange coincidence. The hardest work I ever did was trying to sell it."

A Cheerful Outlook.

"I think war would do this country good." "So do I; just to think of the brass bands that would be palled to the front."—Tit-Bits.

WAR IS LIKELY TO BE RESUMED SOON

SPANIARDS PURPOSELY DELAY EVACUATION OF HAVANA.

They Will Hold to the Philippines at Any Risk—Peace Commissioners Instructed by Premier Sagasta—The Outlook Regarded as Exceedingly Menacing.

Washington, Oct. 3.—[Special]—Although the Spanish government is seeking by every artifice at its command to delay the evacuation of Havana until the close of the year, there is good authority for the statement that the American troops will be in complete possession of the city and its fortifications within three weeks. The Spaniards hold that under the terms of the protocol a reasonable time was to be granted them that they shall move by the 20th is not reasonable. This government holds that the time stipulated is ample, and that all needed preparation for departure could have been made ere this. The Spaniards chose to delay, however, and up to the present time have taken no steps whatever but seem determined upon delay. No such latitude as they demand will be allowed. They must go peacefully or be put out forcibly.

SCENES OF DESOLATION.

Americans Find a Terrible State of Affairs in Interior Cuba.

Havana, Oct. 3.—[Special]—Captains Brooke and Page have returned from a thousand mile trip through Cuba. The trip was taken to ascertain the condition of affairs throughout the island. They met excellent treatment from the Cubans everywhere, and studied courtesy from the Spaniards. They found disease, desolation and death everywhere. In Santa Clara deaths are 400 a month, mostly from starvation.

MERRITT IS AT PARIS

Arrives From Manila to Give Evidence Before Peace Commission.

Paris, Oct. 30.—[Special]—Gen. Merritt arrived this morning. He repaired to the hotel, declining an interview on account of being fatigued.

The second joint meeting of the commissioners was held this morning. Gen. Merritt failed to see the American commissioners before the session opened.

THE DEPARTURE DELAYED

The Oregon and Iowa Will Not Start For Manila This Week.

Washington, Oct. 3.—[Special]—The Oregon and Iowa may not start for Manila until next week. It was stated this morning that the fitting out of a distilling ship would cause delay.

MAY BREAK UP IN A ROW.

The Peace Commission May Not Be Able to Reach a Decision.

London, Oct. 3.—[Special]—A Paris dispatch says the peace commission may break up without arriving at a decision. Sagasta has ordered the Spanish commissioners not to yield on the question of the Philippines.

THE FLAG AT MORRO.

Stars and Stripes May Float Over the Castle Within a Week.

Havana, Oct. 3.—[Special]—The negotiations of the evacuation commissioners are proceeding rapidly. It is now believed the American flag will be flying over Morro castle within a week.

ALARMED OVER CHINA

Foreign Legations Fear Trouble and Are Making All Possible Preparations.

Washington, Oct. 3.—[Special]—A telegram from the minister to China states that there is no serious danger yet, but considerable anxiety is felt for the future. Foreign fleets are assembling at Tien Tsin. Some ministers are ordering marines to Peking for legation guards.

FORECAST OF WEATHER

Chicago, Oct. 3.—[Special]—Forecast for Wisconsin:

Increasing cloudiness tonight and Tuesday; probably showers.

Curious Chickens.

The Galesburg Evening Mail tells this without a smile: A man not far from Deer Creek has been trying to experiment of mixing a little sawdust with the usual meal. He was so pleased with the experiment that he determined to give up the feeding of his hens corn meal, and fed them sawdust instead. Shortly after he set a hen with fifteen eggs. Last week she came off with thirteen curious-looking chicks. Twelve of them had wooden legs, and the other was a woodpecker.

An Historic Flagstaff.

In General Corbin's office at the war department is a section of the flag staff from which floated the stars and stripes over Fort Sumter when the garrison stationed there struck its colors April 14, 1861, and left the fort in possession of the confederates. The staff was of yellow pine, and the piece in General Corbin's office is about one foot long and nearly the same size in diameter.

WAS CLOSED BY THE SHERIFF

Ellman's Fruit and Confectionery Store Levied Upon for Debt.

Under Sheriff Wallace Cochran closed the George Ellman fruit store on West Milwaukee street this morning on an attachment gotten out by John Souhaman for an unpaid cigar bill of \$20.

Others are in line for other bills. Mr. Ellman left the city last week, and his whereabouts are unknown. On Saturday, September 24, he gave a bill of sale to his cousin, from Chicago, for \$250 cash in hand. The bill of sale was drawn up by Max Pfennig.

Ellman has been in Janesville several years. For some time he was employed by John Spivak, and some months ago opened a fruit and confectionery store in the Tailman block, opposite the post-office.

FARMERS TO FIGHT HAIL ASSESSMENT

THREE HUNDRED GROWERS IN SESSION.

Met at the Court House This Afternoon—Majority Favor Fighting. The Company, Claiming That the Assessment Made Is Nothing Less Than a Plain Case of Extortion.

Three hundred Rock county leaf tobacco growers met in session at 2:30 o'clock this afternoon in the circuit court chamber in this city.

The meeting was called for the purpose of finding just where the farmers stood in reference to the recent assessment made by the Mutual Hail Insurance Company, of Sparta, Wis.

F. H. Bemis, of Footville, was chosen chairman, and Henry Tarrant, of the town of La Prairie, acted as secretary.

Attorney Charles Pierce, of Smith & Pierce, and Attorney M. O. Mount, of Fethers, Jeffris, Fife and Mount, were on hand in behalf of the policy holders. No one was present to represent the insurance company.

From the very start it was quite evident that the farmers present were much worked up over their trouble, and some of them stated that they had already paid their share of the assessment rather than have any trouble. The trouble at issue amounts practically to this:

In April last agents representing the Mutual Hail Insurance Co., of Sparta, visited Rock county and placed what now appears to be about \$1,000,000 worth of insurance on growing leaf to insure the same against loss by hail. A few weeks ago hail visited the section doing damage to the amount of about \$19,000. Now along comes a 5 per cent assessment from the company which amounts to \$50,000 which the farmers are supposed to make good. Why they should pay \$50,000 on a \$19,000 loss is a puzzle that they are now trying to unravel. Where this \$31,000 comes in is what is bothering them just at present, and as one of them stated this afternoon:

"I can't see but what that \$31,000 is nothing short of a little trick that they are trying to work on the side."

Speeches were made by many this afternoon, and all favored fighting the company rather than pay this assessment. A committee will in all probability be formed, to call upon State Insurance Commissioner W. A. Fricke at Madison, ask lay the facts before him just as they are, and to find out if the company was legally formed and more in reference to the losses and assessments, and if necessary to have the company placed in the hands of a receiver.

KEEP UP THE QUARREL

Lawrence University Decides to Hold No Relations With Ripon College.

Appleton, Oct. 3.—[Special]—The expectation that Lawrence university would resume athletic relations with Ripon college after the fight between the schools of two years' standing is not to be fulfilled. At a meeting of Lawrence Athletic association it was decided to keep the Ripon school at a distance for at least another year. There fore the bitter feeling between the colleges will continue to exist.

Not That Kind.

"He called me a butterfly," she said, with a giggle, as she preened the lap of her dress, and wondered if any one would believe she was only 30. "There is a butterfly called a painted lady," observed her friend, and the butterfly lady mentioned aloud that some people were fools despite their old age and wrinkles, and then there were ructions in that dressing-room.—Pick-Me-Up.

New Rubber Tooth Brush.

A Russian has patented a rubber toothbrush, which consists of a rubber sack provided with rubber bristles on the sides and ends, the device being slipped over the finger when in use.

Fifty Armenians Are Killed.

Constantinople, Oct. 1.—Advices received from Van say fighting has occurred at Alashgorb between the Turks and a number of Armenians from Russia. About fifty Armenians were killed.

Town Swept by Fire.

Ipswich, S. D., Oct. 1.—The entire business portion of this city was destroyed by fire early Friday, with the exception of one block.

TROUBLE WITH INDIANS FEARED

RESIST THE ARREST OF THEIR COMRADES.

Threaten a General Massacre of the Whites if Officers Do Their Duty—Belong to the Chippewa Tribe, Heretofore Friendly Towards the Whites in Time of Need.

St. Paul, Minn., Oct. 3.—[Special]—The trouble at the Leech Lake Indian reservation is creating much uneasiness here and throughout the northwestern part of the state. The Chippewas have heretofore been a peaceful tribe and those at the reservation are well advanced in civilization. No trouble has ever before occurred with them. In 1862, at the time of the Sioux massacre, they were friendly to the whites and gave the troops sent against the Sioux material assistance. The present trouble grows out of an attempt of the United States marshal to arrest some members of the tribe accused of larceny. This the tribe did not propose to permit, and about two hundred warriors threaten a general raid upon the white settlements if their comrades are molested.

Marshal O'Connor and his chief deputy, Tim Sheehan, are determined men, and will make the arrests if it costs them their lives. Sheehan has had extensive dealings with the Chippewas, and has heretofore had much influence with them. On this occasion, however, he seems to have failed to command their obedience.

There is some talk of sending Bishop Whipple, "the apostle to the Indians" to the scene in the hope that he may avert trouble, but the bishop is well stricken in years and may not be able to undertake the mission. He has, however, sent a message to the tribe, and as far as possible will endeavor to prevent an outbreak that cannot fail to be disastrous to the settlers in the northern part of the state and lead to the practical extermination of the Chippewa tribe in this state.

TO WAIT FOR WILLIAM

Powers Will Delay the Demand For the Turkish Evacuation of Crete.

Constantinople, Oct. 3.—[Special]—The powers will not proceed to execute the ultimatum demanding the withdrawal of Turkish troops from Crete until the arrival here of the emperor of Germany.

WILL ASSIST JOHN HAY

David J. Hill, of Rochester, Appointed Assistant Secretary Of State.

Washington, Oct. 3.—[Special]—The president has appointed David J. Hill, of Rochester, N. Y., as first assistant secretary of state vice John Moore, resigned.

Kites in the Polar Regions.

It is proposed in Germany that the various expeditions expected shortly to visit the Antarctic regions should carry with them scientific kites, by means of which the upper atmosphere may be explored. In this way, it is thought, not only could the temperature prevailing at a great height around the poles be more accurately learned, but light would also be thrown on the direction of the air-currents, and if photographic apparatus were sent up with the kites additional knowledge of the parts of the surface not otherwise obtainable might result.

Lion of Chacronaea.

Greece is about to set up again the Lion of Chacronaea, erected as a monument to the Thebans who fell in the fight against King Philip of Macedon. The lion had been kept intact in place till the war of liberation against the Turks in this century, when it was broken into pieces by the Greeks. The pedestal containing the bones of the fallen heroes was discovered again 20 years ago. Now, says the New York Sun, the pieces of the lion will be put together by the Archaeological society and set up once more on the pedestal.

A Stickler.

"Mamma," said Bobby, who had been reading the geography of Mexico, "what kind of a bug is a popocatepillar?"—Youth's Companion.

Fifth Victim of Mine Fire.

Wilkesbarre, Pa., Oct. 3.—The fire in the Midvale mine caused the loss of five lives. The body of the fifth victim, Joseph Torofski, was found Sunday morning. All died from suffocation. After the recovery of Torofski's body no further search was made, as the employees had been accounted for. Supt. Lathrop says the fire caused very little damage to the mine and that work with a full force of men will be resumed to-morrow.

Europeans Are Attacked.

Peking, Oct. 3.—During the celebration of the festival of the moon Saturday a drunken crowd gathered and threw mud at some Europeans. The Russian legation has ordered an escort of cossacks from Port Arthur as a precautionary measure. The British minister has ordered twenty-five marines from Wei-Hai-Wei.

PECK WILL RUN FOR CONGRESSMAN

EX-GOVERNOR SURE OF NOMINATION BY DEMOCRATS.

He Will Make the Campaign in the Milwaukee District—Only Entered the Field as an Active Worker Last Week—Joseph G. Donnelly Still Hopeful.

The Milwaukee Sentinel has received sufficient returns from the preliminary meetings of democrats in the Fourth congressional district—part of Milwaukee county—to lead it to the conclusion that former Governor George W. Peck is sure of the nomination for congress by the democratic convention which meets tomorrow.

The result of the caucuses held Saturday show that George W. Peck has a long lead in the race for congressional nomination, and the indications are that he will be nominated on the first ballot if he is not nominated by acclamation. Mr. Peck did not announce himself as an active candidate for the nomination until the latter part of last week, although it has been understood for

GEORGE W. PECK.

several months that he would not decline the nomination if it were tendered him. A position of this kind does not meet with favor in the democratic ranks, and while Mr. Peck was waiting for the nomination to come to him, Joseph G. Donnelly was out with the most approved form of a democratic search warrant looking for delegates. With the prospects of defeat at the hands of the "man from Mexico" staring him in the face, Mr. Peck finally made a formal announcement of his candidacy and turned his workers into the democratic vineyard, with the result that he has secured a majority of the delegates, and his nomination is conceded on all sides.

Mr. Peck on receiving the congratulations of his friends yesterday on his prospective success in receiving the nomination, said: "The people generally know what they want, and they take the means to obtain it. Of course I am happy at this additional evidence of their confidence in me if it turns out in the way my friends assure me it will. However, I am getting used to defeat, and can bow to it gracefully if it comes."

Mr. Donnelly would not talk further than to say that the outlook was bright for his nomination. His friends claim that his chances of success are good. They claim the delegation from the First ward, in which Mr. Peck resides, they also say the Third and Eighteenth wards on the east side, the Fourth and Nineteenth, and scattering votes in the other wards of the west side, with an unexpected strength developed in the south side wards, makes the outcome doubtful, notwithstanding the claims made by Mr. Peck's supporters.

DOCTORS ON DISLOCATION

The Topic For Discussion By the Rock County Medical Society

The winter work of the Rock County Medical society will be opened on Friday evening next. At the meeting on that date the subject of "Dislocations" will be considered, and the following will be the order of papers submitted:

Classification of Dislocations..... Dr. J. F. Tenber
Cause of Dislocations..... Dr. W. H. Judd
Dislocation of the Lower Jaw..... Dr. G. W. Field
Dislocation of the Clavicle..... Dr. M. A. Cunningham
Dislocation of the Shoulder..... Dr. E. E. Loomis
Dislocation of the Elbow..... Dr. G. H. Fox
Dislocation of the Hip Joint..... Dr. G. O. Sutherland
Discussion Opened By Dr. H. Speier
Dislocation of the Knee Joint..... Dr. G. G. Chittenden
Dislocation of the Patella..... Dr. R. W. Eiden
Report of American Medical Association, Denver..... Dr. W. H. Palmer and James Mills

MAY PLAY WITH DETROIT

Wisconsin Football Team May Visit the City of the Straits.

John Fisher, of this city, and manager of the state university football team, received last Saturday an offer from the Carlisle Indians for a game to be played in Detroit, Nov. 12. Mr. Fisher thinks that if the offer is accepted, as now seems likely, all negotiations for a game with Chicago will be suspended.

If these two events meet at Detroit a large delegation will accompany the Badger state eleven.

The foot ball season was auspiciously

opened in Madison Saturday afternoon by a game between the university and Ripon college eleven. In spite of the threatening weather, a large crowd assembled to see the contest. The game was tame and one sided, the varsity players bowling over their opponents at will and carrying the ball across the goal line with monotonous frequency. The final score was 52 to 0.

EVANSVILLE WAS LAID OUT

Initial Football Game of the Season Results in Janesville's Favor.

The opening game of the football season in this city was played on Saturday between eleven of the Janesville and Evansville high schools, and resulted in favor of the home club by a score of 17 to 0. The game does not go on record, however, owing to a protest entered by the Janesville team against the composition of the opposing eleven. It was claimed that two of Evansville's valuable men, Fisher and Gillies, are post graduates and consequently could not qualify under the rules of the High school league. After considerable wrangling it was decided to play an exhibition game.

The play was not all that could be desired, for the players were out of humor, and the referee, Chester L. Brewer, was kept busy in settling disputes. From the first, however, the Janesville boys had the best of it. Philip Casford, half back, securing the ball twice in succession and scoring two touchdowns in the first half. Evansville did not succeed in scoring.

In the last half mass plays were brought in by the home team. Toward the end Carpenter broke through the Evansville center making a touch down.

Evansville was unable to break the Janesville line. The boys made several plucky rushes, but good interference checked them and time was called before they could score.

Chester Brewer was referee, George Brownell umpire, and Charles Blyman and Patterson, of Evansville, linemen.

The Janesville team will play the Whitewater High school at Athletic park, next Saturday. The Whitewater game was one of the closest contests last year and they will doubtless play a great game.

Sales of Tobacco.

Sales of seed leaf tobacco reported by J. S. Gums' Sons, tobacco dealers, No. 128 Water street, New York, for the month ending Oct. 3, 1898.

425 cases, crop of 1897, Flats, at 6 to 55 cents.
300 cases, crop of '97, Onondaga, at 11 to 13 cents.
600 cases, crop of 1897, Zimmers, at 16 to 15 cents.

30 cases, crop of '95, Zimmers, at 20 cents.
300 cases, crop of 1897, Pennsylvania Seed Leaf, at 11 to 13 cents.

120 cases, crop of 1895, Pennsylvania Havana at 12 to 13 cents.
100 cases, crop of 1897, Dutch, at 15 cents.

150 cases, crop of 1897, New England Havana Seed, at 19 to 22 1/2 cents.
100 cases, crop of 1897, New England Seed Leaf, at 17 to 19 cents.

75 cases, crop of 1896, New England Seed Leaf, at 23 to 37 1/2 cents.
100 cases, crop of '96-'95 New England Havana Seed, at 26 to 10 cents.

320 cases, Sundries, at 6 to 15 cents.
Total, 2,150 cases.

"Current History"

"Current History," 2d Quarter, 1898, edited by A. S. Johnson, Ph. D., 260 pp., abundantly illustrated with maps, portraits and views, has been issued. To the watcher of the world's progress during these stirring times who desires a comprehensive record of passing events in a form convenient for permanent reference, nothing of greater value is published. The present number is one of exceptional interest and the successive volumes of this unique work, which as time goes by is increasing in utility, invaluable addition to every library shelf. Boston, Mass., New England Publishing Co., 3 Somerset street, \$1.50 a year. Single numbers 40 cents. Sample copy 25 cents. Specimen pages free.

Rock County W. C. T. U.

The annual meeting of the Rock County W. C. T. U. will be held at the home of Mrs. E. E. Yates, 160 North High street, Janesville, Tuesday forenoon, Oct. 11 at 10 o'clock. Each union is entitled to three delegates. County officers, superintendents of departments and presidents of local unions are requested to furnish reports of work done during the year. A full attendance is desired. Cora E. Dickinson, President. Myrtle B. Gray, Cor. Sec. Picnic dinner at noon.

Knight Templar Triennial Conclave, Pittsburgh, Pa., October 10-14, 1898.

On account of the above, tickets to Pittsburgh via the North-Western Line, will be sold October 7 to 10 inclusive, at especially favorable rates. Apply to agents for full particulars.

No-To-Bac for Fifty Cents.

Guaranteed tobacco habit cure, makes weak men strong, blood pure. See Dr. J. J. Druggist.

Excursion Tickets to County Fair at Jefferson, Wis.

Via the Northwestern line, will be sold at reduced rates, October 3 to 7, inclusive, limited to October 8. Apply to agents Chicago & Northwestern Ry.

You invite disappointment when you experiment. Do Witt's Little Early Risers are pleasant, easy, thorough little pills. They cure constipation and sick headache. People's Drug Co., corner Main and Milwaukee streets.

Musten-Literary Club.

The annual business meeting of the Musten-Literary club will be held at the rooms of the Caledonian society, Bennett block, Tuesday evening, October 5, at 8 o'clock. Every member is urgently requested to attend, as matters of much importance will come before the club.

If the Baby Be Cutting Teeth.

Be sure and use the old and well tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures with colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

GOLD Medal Flour \$1 per sack. Sanborn.

AID ASKED FOR FIRE SUFFERERS

GOV. SCOFIELD ISSUES AN APPEAL FOR ASSISTANCE.

Suffering is Great Among Those Who Have Been Bereft of Their Homes—Hundreds Will Require Help to Enable Them to Survive the Hardships of Winter.

Citizens will now be given a chance to help the fire sufferers in northern Wisconsin. Gov. Scofield late Saturday issued the following call for assistance for the forest fire sufferers of the northern portion of the state.

"To the people of Wisconsin:—Forest fires have again devastated a portion of our state and rendered homeless several hundred people and a request has come for assistance. These people require clothing, food and shelter, and they will have other needs than these which it will be necessary to meet in order to enable them to undertake their own support. The people of Wisconsin have always given a ready response to calls of this kind for help and I feel confident that this demand upon them will be generously met. Col. William J. Boyle, of Milwaukee, will receive contributions of provisions, clothing and money for the fire sufferers and is hereby appointed to take charge of the contributions and attend to their distribution. People in any part of the state who desire to help the fire sufferers can communicate by telegraph or mail with Col. Boyle at Milwaukee.

EDWARD SCOFIELD,
"Governor of Wisconsin."

SPECIAL MAGAZINE OFFER

Three Numbers of the National for Eighteen Cents—A Lively Journal

An impartial judge of current magazines will agree that "The National Magazine" for September occupies pre-eminently a first rank. It is a timely "Peace Number" and every page sparkles with timely illustrations and there is a breeziness and freshness in the text that is a bold departure from the usual staid run of magazine lore. The contents page reveals a list of the best known American authors and "The National Magazine" grapples with the questions of the hour in a fearless manner. The strong ground taken in holding the Philippines is somewhat radical but it indicates that the magazine is not a negative force on public issues. Joe M. Chapple, the young and energetic publisher, is pushing the circulation at a dazzling pace, and has made the unmatchable offer of three months' subscription, October, November, December for 18 cents in stamps. The campaign is on for 100,000 new subscribers and it is confidently believed that the three months' trial will be followed by a year's subscription in nearly every instance. An investment of 18 cents in stamps could certainly not be made to better advantage than sending it to "The National Magazine," 91 Bedford street, Boston, for three months' subscription to that magazine. The offer expires on October 30.

GOOD TEMPLAR GRAND LODGE

Delegates Are Arriving in Good Numbers—Program For the Week

The forty-sixth annual meeting of the Grand Lodge of Good Templars will assemble at Odd Fellows hall in this city tomorrow morning. Delegates are arriving in goodly numbers today and several hundred will probably be on hand when the grand lodge is called to order. Among others Gen. Walter S. Payne, Grand Chief Templar, of Ohio; Grand Secretary R. J. Hazlett, of Illinois and Genie F. Hazlett, editor of the International, are expected to be present. Hor. S. D. Hastings, Sr., of Green Bay, a former state treasurer, arrived today.

Tomorrow will be devoted to the reception, the conferring of the grand lodge degree, and reports of officers. The reception in the evening will be marked by a welcome on behalf of the local lodge by George I. Stratton, a response by E. W. Chafin, of Waukesha; an address of welcome by Mayor Thoroughgood, to which Rev. Mr. Clark, of Ripon, will respond; an address of welcome by Rev. W. A. Hall, to which W. S. Frasier, of Madison, will respond; a welcoming address by the W. C. T. U. to which Mrs. M. E. Warren, of Fox Lake, will respond. Vocal and instrumental music will diversify the program. Wednesday will be devoted to business. In the evening the following program will govern the meeting.

Music, "Friends of Temperance Welcome Here".....Congregation
Prayer.....Congregation
Music, "Throw Out the Life Line".....Congregation
The Philosophy of Good Templary.....Congregation
William Russell Brown, New Richmond
The Usual-Be's of Our Order.....Congregation
M. Emeline Boninsville, Waukesha
Song.....E. O. Kimberley
What the Boy Did Not Know in 1850.....Congregation
Eugene Washington Clavin, Waukesha
Essay, "Knights".....Congregation
Josephine and Annie Lindley, La Crosse
Post-Graduate Oration, "The Future".....Congregation
Henry A. Larson, Green Bay
Song.....Mrs. Minnie Meazles
Valdettory Address, "The Other Self".....Congregation
Aldred Walker Present
The Course of Study, What Is It?.....Congregation
Mary E. Lyon, Milwaukee
Business matters including the election of officers will occupy the entire time of the lodge on Thursday.

Taylor Faction Is Victor.

Boise, Idaho, Oct. 3.—The supreme court has decided that the Taylor wing of the populist party has the legal organization and it alone is entitled to have tickets printed on the official ballot under the name of the people's party. This is a triumph for Congressman Gunn. It is practically settled that the two wings will now unite with Gunn for congress and D. H. Andrews of the Blake faction for governor.

TO CURE NERVOUS DYSPEPSIA

To Gain Flesh, to Sleep Well, to Know What Appetite and Good Digestion Mean, Make a Test of Stuart's Dyspepsia Tablets.

INTERESTING EXPERIENCE OF AN INDIANAPOLIS GENTLEMAN.

No trouble is more common or more misunderstood than nervous dyspepsia. People having it think that their nerves are to blame, are surprised that they are not cured by nerve medicines and spring remedies; the real seat of mischief is lost sight of; the stomach is the origin to be looked after.

Nervous dyspepsia often do not have any pain whatever in the stomach, nor perhaps any of the usual symptoms of stomach weakness. Nervous dyspepsia shows itself not in the stomach so much as in nearly every other organ; in some cases the heart palpitates and is irregular; in others, the kidneys are affected; in others the bowels are constipated, with headaches; still others are troubled with loss of flesh and appetite, with the accumulation of gas, sour risings and heartburn.

A. W. Sharper, of No. 61 Prospect St., Indianapolis, Ind., writes as follows: "A motive of pure gratitude prompts me to write these few lines regarding the new and valuable medicine, Stuart's Dyspepsia Tablets. I have been a sufferer from nervous dyspepsia for the last four years; have used various patent medicines and other remedies without any favorable result. They sometimes gave temporary relief until the effects of the medicine wore off. I attributed this to my sedentary habits, being a book-keeper with little physical exercise, but I am glad to state that the tablets have overcome all these obstacles, for I have gained in flesh, sleep better, and am better in every way. The above is written not for notoriety, but is based on actual facts."

Respectfully yours,
A. W. Sharper.

61 Prospect St., Indianapolis, Ind.
It is safe to say that Stuart's Dyspepsia Tablets will cure any stomach weakness or disease except cancer of the stomach. They cure sour stomach, gas, loss of flesh and appetite, sleeplessness, palpitation, heartburn, constipation and headaches.

Send for valuable little book on stomach diseases by addressing Stuart Co., Marshall, Mich.
All druggists sell full sized packages at 50 cents.

Sweet young girls often develop into listless, worn out women. Mothers should give their loved ones Rocky Mountain Tea, Nature's remedy Smith's Pharmacy, next P. O.

Victory for Spain's Army.

Madrid, Oct. 3.—A dispatch received here from the Visayas islands says the Tagales have landed in the Antigua province and have been completely defeated by the Spanish column after a sharp fight, in which ninety-four of the insurgents were killed.

Irish Honor Their Heroes.

Cork, Oct. 3.—An orderly demonstration took place Sunday upon the occasion of the laying of the foundation stone by the mayor of the city of a monument in memory of the Irish revolutionists of 1793, 1803, 1848 and 1867.

Will Increase Italy's Navy.

Rome, Oct. 3.—The government has unanimously decided to make the proposed increase in the naval strength of the kingdom, and the issue of a loan is considered probable.

TWO GRATEFUL WOMEN

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

"Can Do My Own Work."

Mrs. PATRICK DANIELY,

West Winsted, Conn., writes:

"DEAR MRS. PINKHAM:—It is with pleasure that I write to you of the benefit I have derived from using your wonderful Vegetable Compound. I was very ill, suffered with female weakness and displacement of the womb.

"I could not sleep at night, had to walk the floor, I suffered so with pain in my side and small of my back. Was troubled with bloating, and at times would faint away; had a terrible pain in my heart, a bad taste in my mouth all the time and would vomit; but now, thanks to Mrs. Pinkham and her Vegetable Compound, I feel well and sleep well, can do my work without feeling tired, do not bloat or have any trouble whatever.

"I sincerely thank you for the good advice you gave me and for what your medicine has done for me."

"Cannot Praise It Enough."

Miss GERTIE DUNKIN,

Franklin, Neb., writes:

"I suffered for some time with painful and irregular menstruation, falling of the womb and pain in the back. I tried physicians, but found no relief.

"I was at last persuaded to try Lydia E. Pinkham's Vegetable Compound, and cannot praise it enough for what it has done for me. I feel like a new person, and would not part with your medicine. I have recommended it to several of my friends."

STAY LIKELY TO BE SHORT.

Commissioners at Paris May Soon Return.

BUT ONE CAUSE FOR CONFLICT.

They Are Expected to Complete Their Work and Be Home for the Christmas Holidays—London Newspapers Think a Settlement Is Improbable.

Paris, Oct. 3.—Those who ought to know say that the American peace commissioners will be back home in plenty of time for the Christmas holidays, and from the same sources of information it is also learned that the only serious cause for conflict will be the occupation of the Philippines. As curious evidence of the difficulty of getting news of consequence about the commission's work some of the French papers give as interesting items descriptions of three women stenographers with the American commission.

London, Oct. 3.—The New York World correspondent cables: The Daily News Paris dispatch says the peace commission may break up without coming to any decision. As the Spanish commissioners have received from Sagasta orders not to yield on the question of the Philippines it seems likely their non-possibilities will have this effect: First, an adjournment of a few weeks; then another meeting or two, at which the Spaniards will continue to hold out, followed by the recall of the American commissioners.

SPAIN IS PLEASED.
Attitude of Our Commissioners Creates a Favorable Impression.

Madrid, Oct. 3.—The cordial and cordial spirit shown by the delegates to the Paris conference has produced a favorable impression.

The newspapers, discussing the proceedings of the conference, affect to believe that the United States, besides respecting Spanish sovereignty in the Philippines, will also allow Spain to have a share in the settlement of the new regime in Cuba. Inspired articles assert that Spain will undertake to carry out the promised guarantee of the Cuban debts only until Cuba herself is able to pay the interest and sinking fund.

A dispatch to the Imparcial from Paris declares that both the Spanish and American commissions have been instructed to act ad referendum.

SERIOUS NEWS FROM VISAYAS.

Spain Showing a Determination to Hold to the Philippines.

Madrid, Oct. 3.—The news received here from the Visayas continues to be serious. The appointment of Gen. Rios as governor of the Philippines, with the capital of Visayas as his residence, and the recall to Spain of Gen. Jaudines, the signer of the Manila surrender, is all done to show the intention of Spain to hold the Philippines and influence the peace negotiations in Paris. Rios has only a few hundred soldiers, the majority being natives, but troops from Andalusia are ready to embark for Visayas.

Waiting to Hear from Aguinaldo.

Washington, Oct. 3.—Senor Agoncillo, the representative of the Philippine islands in Washington, is still awaiting advice from Aguinaldo and will remain patiently here until he receives instructions. He has completely outlined his whole course and plans, which he will lay before President McKinley when the proper time arrives, and is firm in his belief that the president will listen to his appeal and at least grant the people of the Philippines an audience before the peace commission in Paris.

Gen. Merritt Reaches France.
Marseilles, Oct. 3.—Gen. Wesley Merritt of the United States arrived here Sunday from Manila, via Hong Kong. He started for Paris, where he will advise the American peace commissioners on matters pertaining to the Philippines.

Will Bring Dead Soldiers Home.

Washington, Oct. 3.—Arrangements are making at the war department to bring to this country for interment the bodies of all the soldiers of the American army who died in Cuba, Porto Rico or the Philippines.

Wait on Emperor William.

Constantinople, Oct. 3.—The powers will not proceed to execute the ultimatum demanding the withdrawal of the Turkish troops from Crete until the arrival here of Emperor William on Oct. 7.

Faure to Receive Commissioners.
Paris, Oct. 3.—The Faure says that President Faure will receive the peace commissioners Tuesday. They will be presented to him by the American and Spanish ambassadors.

Still Fear Indian Trouble.

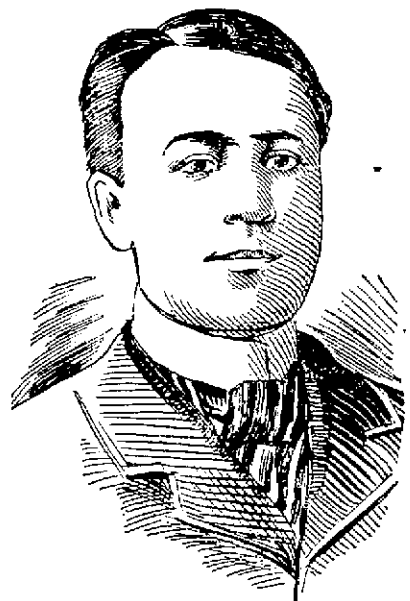

Washington, Oct. 3.—The Interior department authorities fear the situation in the White Earth Indian reservation in Minnesota may be serious, notwithstanding official reports to them state that no trouble is apprehended. They base this on press dispatches, for Acting Secretary of the Interior Ryan has received dispatches from Indian Agent Sutherland and Indian Inspector Tinker. The war department has received one from the commander of that department of the army expressing the opinion that no danger is to be apprehended. The government will watch matters closely to prevent trouble.

Czar Goes to Copenhagen.

St. Petersburg, Oct. 3.—The czar has left by the Crimean route for Copenhagen to attend the funeral of the queen of Denmark.

MARIE TEMPEST'S HUSBAND.

This is the young actor who has just married Marie Tempest, the well-known actress.

COSMO STUART.

known actress. Cosmo Stuart is only his stage name, for in reality he is a son of Lord Henry Gordon Lennox. He is considered quite a stage success in England.

Admiral Porter's Only Fault.
Admiral Porter was forever running into print, and his penchant for this kind of thing was a source of great annoyance to Grant, who was his staunch friend. "What do you think of Porter as an admiral?" was asked of the general on one occasion. "Why," responded Grant, with a quiet smile, "he would be the greatest admiral since Nelson if he had never learned to write."

Stop that cough. Take warning. It may lead to consumption. A 25ct bottle of Shiloh's cure may save your life. For sale by People's Drug Co.

YELLOW FEVER INCREASING.

Situation at Jackson Is Alarming and the Malady Is Spreading.

Jackson, Miss., Oct. 3.—The fever situation in Jackson and the whole state is more alarming than at any previous date. Yellow flags are floating over the different residences in the city where yellow fever has been found outside the original infected district, which is still cordoned and guarded.

Sunday's report by Health Officer Purnell shows ten new cases and one death. The new cases are about equally divided between whites and blacks. The extent of the infection among the negroes is the unknown quantity which causes the board to fear the worst. It does not attempt to conceal the fact that it expects a rapid spread of the disease until frost comes. The reports from all over the state show an increase of victims. Suspicious cases are under investigation in every section, and the inspectors at command of the board of health are insufficient to supply the demand for experts. Dr. Cummings of the marine hospital service has arrived in the city and is co-operating with the state board to repress the epidemic in Jackson.

Forest Fires Still Raging.

Denver, Colo., Oct. 3.—Forest fires which are devastating the western portion of the state are burning with unabated fury, only subsiding where fuel is exhausted. From reports of new territory in the grasp of the demon there will be little timber left to tell the tale. A new country now sending volumes of fire and smoke heavenward is Bear, Willow and Lake creeks, a magnificent stretch of forest. This fire from its direction will sweep on Camp Fulford, which has already been scorched from another direction. Ranchmen on Gore creek are having a desperate time saving their homes. The deserted village of Gold Park has been reduced to ashes.

To Cure Constipation Forever.

Take Cascarets Candy Cathartic. 10c or 25c. If C. C. C. fail to cure, druggists refund money.

National Peace Jubilee at Chicago—Mail Rates

In the above event the Chicago Milwaukee & St. Paul Railway will sell round trip excursion tickets at half fare on October 17, 18 and 19, good for return until October 22.

ELECTRICITY AND LOVE.

How the Former Was Used to Check the Course of the Latter.

Here is a variation of the old story of the true lovers and the cruel parent. A prepossessing young woman, living in the vicinity of Seventh and Tasker streets, has a "steady," and also a father. The latter does not approve of the former, and is at no pains to disguise his sentiments in the matter. When exasperated with her recalcitrant visits of the young man the heroine protested that he came merely as a casual caller. But the old man was suspicious, and he summoned to his aid an electrical worker. At either end of the parlor sofa, underneath the cushion, contact plates were fitted in such a way that the weight of the person over each one of the pairs of plates would close an electric circuit, ringing a small gong in another part of the dwelling. The peculiarity of the arrangement was that both pairs of plates had to be brought into contact in order to complete the circuit, and this could be effected only by two persons occupying the sofa. When the objectionable Romeo made his next visit everything was serene until about 10:45, when the old folks supposedly had retired. Then the tell-tale electric buzzer went off, and the old gentleman with startling alacrity presented himself at the parlor door. What he saw shocked his old-fashioned notions of propriety, for in his youth young people were not permitted to sit without a large and yawning space between them, and this particular pair of young people sat very close together, indeed. The employment of modern science in this instance to dam up the course of true love was a signal success. The poor girl, according to the neighbors, is training on plain baker's rolls and ice water, while the luckless lover declares that "the old man chuckled such a scare into me that a mogul locomotive couldn't drag me within a mile of the house."—Philadelphia Record.

Don't Tobacco Spit and Smoke Your Life Away.

To quit tobacco easily and forever, be happy, healthy, full of life, nerve and vigor, take Dr. J. C. R. Pac, the wonder worker, that makes weak men strong. All druggists, 50c or \$1. Cure guaranteed. Booklet and sample free. Address: Sterling Remedy Co., Chicago or New York.

Henry George Declines.

New York, Oct. 3.—Unless Henry George changes his mind within the next forty-eight hours he will not be the candidate for governor against Van Wyck and Roosevelt. His declination was written Saturday. However, a determined effort will be made to get him to allow his name to be used.

Investigating Commission Meets.

Washington, Oct. 3.—The war investigation commission resumed its inquiry today. Gen. Wheeler has arrived here and has expressed a willingness to go before the commission Tuesday as requested. He will, therefore, be the first witness examined.

THIS DAY IN HISTORY.

1574—The siege of Leyden was raised by the Dutch, who cut the dikes and brought in their ships.

1658—Miles Standish, Puritan soldier and hero of romance, died in Duxbury, Mass.; born 1584.

1800—George Bancroft, historian, born at Worcester, Mass.; died 1891.

1860—Rembrandt Peale, painter, died in Philadelphia; born 1778.

1866—Stromer Evening Star, bound from New York to New Orleans, sank at sea, and 329 persons were drowned; a highly sensational ocean tragedy.

1882—Adelaide Phillips, an American singer of note, died at Carlsbad, Germany; born in England 1843.

1884—Hans Makart, noted painter, some of whose most celebrated works are owned in America, died at Vienna; born in Austria 1840.

1900—William Morris, the English poet, died in London; born 1834.

BOLT RING CANDIDATE.

The staid old wheelhorses of the democratic party are not pleased with the work of the local democratic ring, and many of them declare that they will no longer submit to ring dictation. The following communication shows which way the wind blows:

Editor Gazette—I have been a democrat for forty years, but I cannot vote the democratic ticket this fall. The three Janesville men who compose the Rock county democratic ring do not run things to suit me. I favored the nomination of William Brinkman, of Atton, for sheriff. Mr. Brinkman had made a canvass, and I think he was entitled to the nomination. But the ring thought differently, and packed the county convention with Beloit men who had no right to vote, and defeated Mr. Brinkman for the ring candidate. This was too barefaced a piece of political skulduggery for me to stomach, and I, for one, will not allow this ring to run me. I shall vote for W. H. Appleby for sheriff. He made as good a sheriff as the county ever had, and will save the people's money. We democrats cannot deny this fact, and no honest democrat attempts to. I prefer to vote for a democrat, but will not vote for the democratic ring. I don't know what kind of a sheriff an untainted man would make, but I do know that Appleby's administration will be a credit to the county. I am not alone in this move. Many of my neighbors think the little ring has run democratic politics regardless of the wishes of the people, long enough. We are all for Appleby this year, and he will get the largest republican majority ever given in this township.

OLD DEMOCRAT.

The W. C. T. U. has petitioned Admiral Dewey to prevent the landing of a ship load of Milwaukee beer at Manila. The protest was mailed a little late, however, and probably will not reach the admiral until after most of the beer has been disposed of in the old fashioned way.

Two wars are still raging—one between the newspapers at Chicago, and one between the newspapers at La Crosse. There are no indications, however, that the public is more interested in a fight between newspapers than it would be in a campaign of abuse waged by rival merchants.

The game warden who cannot find violators of the law at Lake Koshkonong should be looked after by his friends. If they don't watch him, he will certainly blow out the gas.

The controversy as to whether the battleship Wisconsin shall be christened with wine or water is now on. If the

fight becomes heated, probably some Milwaukee brewer will be patriotic enough to furnish a bottle of a compromise fluid.

So a silver badge is to be the fighting emblem of the battleship Wisconsin. The idea is a good one, and the opponents of the gallant ship will do well to bear in mind the fact that it takes a mighty good dog to pull a badge.

Madison Journal—There are no indications up to date that Chairman Peck is annoyed by any manifestations of over-confidence among Wisconsin democrats.

The sportsmen of Wisconsin certainly owe the Milwaukee Sentinel hearty good will for its action in calling attention to the violations of the game law.

Thousands are standing on the verge of the grave. Death's next door neighbor, Rocky Mountain Tea will make them well. Smith's Pharmacy, next P. O.

LIVE STOCK—Cattle \$3.00 to \$4.00 per 100 lbs.; hogs, \$3.00 to \$3.50 per 100 lbs.

WESTERN WOMAN'S WILE.

How She Succeeds in Getting the Most for Her Money.

It is not strange that dress has a wonderful influence on the average masculine heart. A pretty woman lying in the west always depends upon getting the most for her money at the corner grocery according as she is towned, says an exchange. In the morning, perhaps, she slides into the place sacred to the breakfast bacon, and the green stuff and other edibles, rigged out in a shirt waist and plain skirt. The grocer advances to wait upon her and is calm but courteous. There is no gleam of joy in his eye, no tendency to give an ounce as a complementary to the roast or steak. He is firm in his stand over the price of his wares and makes no concessions. Perhaps she finds she needs something later on in the day and goes over on her way down street shopping. She wears a hat trimmed with roses, or organdie gown with roses all over it, and a bewitching parasol which forms a background for her face. He melts, slowly as an iceberg, but all the same he melts. As he puts the fruit she buys into a basket he throws in several extra ones—he ignores her as she goes around nibbling from one cracker box or barrel and then to the fruit stands—he waxes playful, and finally hands her a package of tula. But it is at night she sweeps out the store. She comes around to leave an order for the following morning, and this time she is melted and poured into a white gown trimmed in lace inserting. The grocer comes to the door and leans against it in a beautiful way as she tells what she wishes. He picks up a stick of candy instead of a pencil to write the item down, while a glorious, sweet smile floods his face and trickles over his chin. At that moment money is no object—what is he running that store for save to oblige that lovely woman? He gazes wistfully after her as she trips off, and the next day—he stares at the figure at which he sold these goods last night and calls himself a business donkey with flap ears.—Rochester Post Express.

None May Take Her Place.

Richmond, Va., Oct. 3.—Lee Camp, Confederate Veterans of Virginia, adopted resolutions last night protesting against the naming of any one as "the daughter of the confederacy" to succeed Miss Winnie Davis, and calling on the grand camp, which meets next week at Culpepper, to put its official veto on the movement for a new "daughter of the confederacy." The resolutions also call upon the United Daughters of the Confederacy to protest against the movement.

Accept Employers' Terms.

London, Oct. 3.—The conference of the Miners' Federation decided to accept the employers' terms regulating wages until 1901. The miners get an immediate advance of 2½ per cent and a reference, afterward, to the conciliation board, which has given the minimum and maximum wage. The decision wards off threatened strikes involving 317,500 miners.

May Save the Vizcaya.

New York, Oct. 3.—A dispatch to the Herald from Playa del Este, Cuba, says: Naval Constructor Hobson is now making an inspection of the Spanish cruiser Vizcaya, which was sunk when Cervera's fleet dashed out of Santiago harbor. This inspection is for the purpose of determining what work is necessary to raise the vessel. Operations will begin soon after his inspection is completed.

Dejected by Grave Digging.

A soldier just returned from Cuba says that many of his comrades were broken down by grave-digging. "Nothing," says this soldier, "could be more disheartening than to take the body of a dead comrade out and fight off the buzzards while digging the grave. It is bad enough to hear the earth rattle down on top of a coffin containing the form of a comrade, but it is shocking to put an uncoffined form into the ground and pile the dirt on top of it. The men detailed for burials were easily disheartened, and the soldier who lost heart was a candidate for an early burial."

Careful of the Alligator.

Referring to a paragraph in a recent Companion about the tender heartedness of little girls, a correspondent sends us the following: Just now there is a plague of apple tree caterpillars hereabout—crawling everywhere. Our youngest child has an alligator in a cage and tank, and the other day she insisted that it should be carried from the lawn into the office, because she was afraid the caterpillars would annoy it—Youth's Companion.

Coffee Loses Strength

As it ages after roasting. The exposure to the air deters it from the original strength to a great degree.

It is surprising what a difference there is between fresh roasted Coffee and the too old kind. If you have tried our fresh roasted Coffees which we receive every few days you can appreciate it. You will drink none other after using ours.

HUNTERS FIGHTING HOT FOREST FIRES

ALVA RUSSELL WRITES HOME
DETAILS.

Says That the Flames Wrought Death and Destruction All About Them—Is in Camp with Beloit Friends in the Heart of Burnt District—All Managed to Escape.

Alva P. Russell, of this city, and a party of Beloit friends now in camp at Pike Lake, Barron county, Wis., have been facing death during the past three days. Raging forest fires have swept everything before them in the vicinity of Pike Lake, and that they escaped without injury has indeed been miraculous when one takes into consideration that scores of lives were sacrificed and property damaged to the extent of thousands of dollars.

In a letter received in the city this morning Mr. Russell states that the fires bordering on their little camp were terrible and beyond description. They swept everything in sight in less time than it takes to describe the details.

Have of Fire

A large bridge within but a short way of their quarters was burned to a cinder in a very short time.

In Barron county from the town of Clinton a burned body was found on the bank of Yellow river with its feet in the water. The feet were badly burned and appearances indicate that the man had sought the river for safety.

The danger is now thought to be over, though it is still unsafe to travel through some of the burned districts in the vicinity of Cumberland.

The property loss in Barron county will aggregate \$400,000. Besides the farm buildings and crops a large amount of stock has been burned and much hardwood timber destroyed. A crew of men was engaged today burying the bodies of animals in the fire district. They were strewn along the highways and through the timbered sections.

Narrow Escape.

Many of those whose homes were burned had very narrow escapes. Some have been badly burned and others have suffered greatly from the dense smoke. Four years ago this section was burned out, but the loss was nothing compared to the present fire, which has simply left a trail of charred trees and piles of smoking ruins.

Mr. Russell in his letter stated that they had escaped all injury, and that he would write more details later.

For several years past Beloit friends have joined him in this city and together they have made their way into the northern pinery region to spend several weeks in fishing and hunting. This year the camp is made up of Alva Russell, of Janesville, Gus Sparks and Anderson, of Beloit. George Sparks, also of Beloit, was a member of the camp until a few days ago, when he returned home.

SCALCHI SINGS HERE DEC. 18

Famous Contralto Has Been Engaged For an Operatic Concert.

The biggest musical event of the year in Janesville will be the visit of the Scalchi Concert Co., Wednesday, Dec. 12. Manager Myers has just completed arrangements and has signed a guarantee of impressive proportions. The company is headed by Madame Sofia Scalchi, the famous contralto. With her are Mlle. Helene Noldi, soprano; Signor Codurri Canzio, a famous Italian tenor; and Signor Achille Alberti, baritone. The programme includes scenes in costume from "Il Trovatore" and "Martha."

In spite of the large guarantee required Manager Myers will keep the scale of prices at 50 cts, 75 cts and \$1. Throughout the east the company is playing at \$1, \$1.50 and \$2.

We are selling a number of those fur collarettes. Will you purchase one this season? Our prices are one-fourth lower than last year. Bort, Bailey & Co.

Clock Dial Shows Black.

While Samuel Morton was dying the other forenoon in Terre Haute the dial of the courthouse clock which faced his home turned black. The peculiar fact was called to the attention of some of the neighbors and soon several hundred persons were on the street corner to watch the apparently unaccountable occurrence. At 11:40 the face of the clock was entirely black and at the minute Morton died. Almost instantly the darkness cleared away. The explanation accepted by all except the superstitious is that there was a peculiar shadow of the sun.

FOR RENT—Rooms over 16 North Main St. Enquire of John Watson.

It takes three hours for Chicago evening papers to get to Janesville. It takes less than one second for the telegraph to cover that distance. The Janesville Gazette receives full press association dispatches, and the news is three hours later than that of Chicago and Milwaukee evening papers sold in this part of the state.

A good program will be presented. And officers elected for the coming year. Tea will be served at six o'clock to which all members and friends are invited. Save your time, busy ones, and give good cheer. Letter from Foochow, China.

BURSTING VESSEL CAUSED HIS DEATH

CONDUCTOR JOHN RILEY DIED
YESTERDAY.

Has For Several Years Made Janesville His Headquarters, and Is Well Known Here—Died in His Caboose When About to Start North—Death of Mrs. Hume, of This City.

Local Chicago & Northwestern railroad officials received a telegram yesterday announcing the sudden death of John Riley, a well known freight conductor on the Northwestern road.

The deceased has been running into this city for several years past, having made Janesville his headquarters wherever he was in this portion of the state. Conductor Riley made Baraboo his home, and yesterday started for Elroy to take charge of a stock train and bring it south. While sitting in his caboose smoking, and apparently in good health, a blood vessel burst in his head and blood in large quantities flowed from his mouth. His death followed immediately and he was taken from the caboose a corpse.

A wife and two children at Baraboo are left to mourn his death. Conductor Riley has a host of friends in Janesville, who will be pained to learn of his untimely death. Deceased was about forty years of age, and will in all probability be buried in Baraboo.

Mrs. Agnes B. Hume.

Agnes Bell Hume, wife of James B. Hume, 108 Linn street, died on Saturday afternoon, of a paralytic stroke, which she suffered some months ago. She was born on April 16, 1821, in Scotland, and came to this country in 1844, settling in Otsago county, New York, where she was married, February 14, 1855, to James B. Hume. In the spring of 1856 they removed to this city, and have resided here ever since. Mrs. Hume was a consistent and exemplary member of the Presbyterian church, of this city.

The funeral will be held Tuesday afternoon at 2 o'clock from the house and at 2:30 from the Presbyterian church, her pastor, Rev. Edward H. Pence, officiating. An opportunity will be given to those wishing to view the remains on Tuesday forenoon from 10 to 12 o'clock in the house. The interment will be in Oak Hill cemetery.

The qualities that were most strongly marked in Mrs. Hume were sincerity, directness, and Christian sympathy. They were apparent in her daily life, they made her home a place of blessing, and in the church they made her a constant source of strength. From her earliest girlhood she was a devoted member of the Presbyterian church, and her earnestness and consecration to the work in her life at all times an inspiration and a comfort to those about her.

Present E. Longley

Prescott E. Longley, one of the veteran hotel men of the state, died at his residence in this city at 2 o'clock this afternoon after a painful illness of seven or eight months' duration. He was born in Halifax, N. S., and came to Wisconsin in 1856. He kept the Longley House and the Metropolitan at Milwaukee, and the Taylor House at Clinton Junction for a number of years. He served three years during the war of the rebellion as a member of the Third Wisconsin cavalry regiment. He leaves a wife and daughter in this city, a brother, T. H. Longley, in Chicago, and his aged mother residing at Baraboo, to mourn his loss. He was highly esteemed wherever he was known, and his death will cause profound regret throughout the northwest.

Mrs. Daniel Sullivan.

The funeral of the late Mrs. Daniel Sullivan took place yesterday afternoon at 1 o'clock from her late home in the town of Harmony and at 2:30 o'clock at St. Patrick's church. Dean E. M. McGinnity officiated, and a large number of the friends of the deceased were present. The pall bearers were Michael Roche, Bartley Panning, Thomas McCann and T. M. Johnson. The interment was in Mount Olivet cemetery.

Edwin Clarence Birkness.

Last evening at 6:15 o'clock, at the home of his parents, Mr. and Mrs. Anton Birkness, 106 Terrace street, their infant son, Edwin Clarence, passed away after a brief illness of convulsions and cholera infantum. He was aged 9 months and 14 days. The funeral will be held Tuesday at 2 o'clock from the house and at 2:30 from the Norwegian Lutheran church.

Pensioners

I shall be at my office at 6:45 a. m. Tuesday, Oct. 4, 1898. Angie J. King Attorney at Law and Notary Public. No. 18 W. Milwaukee St.

Alinit.

A farmer has discovered a product to which the name of "alinit" is given. It is "a germ of the soil which causes the nitrogen in the air to enter into chemical combinations especially adapted to the nourishment of cereals." A series of experiments have been conducted with this product, resulting in from 10 to 30 per cent more yield than has been possible under ordinary treatment. "Alinit" is, in fact, supposed to be the bacteria of putrefaction. When decomposing matter is placed in contact with the roots of growing plants, tiny rootlets are thrown out. These are provided with small mouths or suckers, which industriously set to work to absorb the valuable material.

Burning Blood

Constipation fills the blood with acid acids, but burn the brain and cause sick headache, Casaretes, Candy Cathartic clean and soothe the blood, give instant relief, 10c, 25c, 50c.

STUART CHASE has returned to Portland, Oregon.

METVILLE SATER, of Madison, spent Sunday here.

JOHN SPIVAK was up from Chicago to spend Sunday.

Mrs. E. J. KENT has been dangerously ill of late.

J. C. ROOP, of Beloit, had legal business here today.

Mr. and Mrs. Frank Blodgett spent Sunday in Beloit.

FATHER WARD, of Beloit, today greeted local friends.

GEORGE WOODARD, of Clinton, had business here today.

ARTHUR J. V. NORCROSS, of Chicago, spent Sunday in town.

CHARLES E. BAGGOTT, of Cincinnati, is in the local leaf market.

MORGAN WISE left this morning for Rockford to work in a jewelry store.

Mr. and Mrs. George Stuart, of Chicago, spent Sunday the guests of Mr. and Mrs. James Shearer.

Mrs. S. S. JUDG, who now makes Franklinville, N. Y., her home, is the guest of local relatives.

Mr. and Mrs. V. P. Richardson expect to attend the Hanks-Vilas wedding at Madison on Wednesday.

DR. R. J. HARR returned home Saturday evening, after an extended visit at his former home in England.

Mrs. F. S. ELDRED left Sept. 30 for Denver, Colo., to spend a month with her son, Lucien W. Hoyt and his family.

Mrs. Cora McKenzie Walker leaves for her home in Ennis, Texas, tomorrow morning, after a six weeks' visit with relatives and friends.

Mrs. MARTA MORLEY, of Columbus, Ohio, arrived in the city Saturday for a visit with her sister, Mrs. Dan Whaley, of 153 Madison street.

MARIE CARTER C. D. Capelle has made the purchase of the Burt Baker residence on Prospect avenue. Mr. Capelle says he bought it to rent.

MAXON THORNTON will leave the city tomorrow morning on the 6:30 train for Pittsburg on a business trip. He expects to be absent all the week.

C. P. AND James Botsford left for Chicago this morning. They go from Chicago tomorrow to Omaha, where they will take in the fair until next Monday.

EVERETT R. HUTTON, of New York, is visiting at the home of his father James R. Hutton, 153 Prospect avenue. Mr. Hutton was a member of the Seventy-first New York volunteers and was especially commended for bravery in the Santiago campaign.

Our New Navy.

An expert in naval affairs says that "if we are to make the best use of the splendid fighting qualities of the personnel of our navy, we must give it ships with sufficient speed to permit the officers and men to close immediately with the enemy whenever and wherever they are fit to do so. Our experience in the late encounters with the foreign warships has shown that, all other things being equal, high speed is the great thing to be sought for. There is another point to be taken into consideration. Our rapid fire guns seem to have been more effective than the tremendously heavy armament of the big battleships. In the building of the new ships for the navy, special reference is to be had to speed. While the aggressive qualities of these defenders must not be overlooked or diminished, provision will have to be made for fast sailing, even though some other features must be modified in consequence."

A Singular Action.

The Methodist church of Leavenworth, Kan., has brought suit against the Chicago, Great Western railroad for \$17,000 damages. It is alleged that the company's engines, by whistling and ringing bells, interrupt the service, and that the smoke passes into the windows of the church, ruining the clothes of the members of the congregation, and causing other annoyances of such a nature as to practically destroy the value of the church property, along one side of which the railroad tracks run.

Water Pipes Full of Eels.

The water board of Boston is at a loss to know how to get rid of the thousands of wriggling eels which infest the city's water pipes. The eels pass through the intake strainers when young and small and grow to great size, obstructing the flow of water in small street mains and sometimes stopping it altogether in the house service.

The Royal is the highest grade baking powder known. Actual tests show it goes one-third further than any other brand.

ROYAL BAKING POWDER Absolutely Pure

ROYAL BAKING POWDER CO., NEW YORK.

THIEVES STEAL HORSE AND BUGGY

DARING THEFT REPORTED TO
THE POLICE.

Thomas Kanneane Drove to Town Last Evening, Only to Be Robbed by Horse Thieves—Police Fail Even To Get a Good Clew—Sharp Look-out Being Kept in Adjoining Towns

While pedestrians were passing to and fro last evening along Milwaukee and Jackson streets thieves stole and made good their escape with a horse and buggy belonging to Patrick and Thomas Kanneane, of the town of La Prairie. The stolen outfit when taken was hitched in front of Skelly & Wilbur's grocery store on Jackson street and had been left but a few minutes when the thieves got away with them. That the outfit was deliberately stolen there seems to be little doubt. Ten minutes after Mr. Kanneane hitched the horse he returned only to find it missing. The police were then notified and a search was kept up during the entire night and every street and alley in every portion of the city was gone over.

This morning all outside towns were notified by telegraph and telephone and the officers in each were given a good description of the horse and buggy.

A Deliberate Theft.

Chief Hogan stated this morning that there was no doubt but what some one took the outfit with no other intention than to steal it. If there had been any joke connected with it a close search about the city would have disclosed it.

Thomas Kanneane, who drove the stolen rig to this city, stated today that he came to town last evening about 7:30 o'clock for the purpose of attending a temperance lecture given in Columbia hall. After driving on South Jackson street he got out and securely tied his horse in front of Skelly & Wilbur's store. That he tied the horse so that it was impossible for him to free himself he was positive, for he says he took special pains to examine all before he left.

Thief Was Seen

A number of men stood on the corner at the time, and it is said that one of them saw a stranger get into the Kanneane buggy and drive away. The police say that the job was a bold one. Today postal cards giving a description of the stolen property were sent broadcast.

The horse is described as being a strawberry roan, age 8 years, and weighing about 1400 pounds. At a late hour this afternoon the police had heard nothing of the missing outfit.

SPECIAL NO. 11.

The Skilled Workman- ship. . . .

Put into these clothes manifests itself in graceful lines throughout, especially so in the excellence and uniform edges, lapels, collars, shoulders, button-holes, &c.

These distinguishing features make them at once recognized by good dressers as high grade in every particular.

In bringing to your notice the styles for the coming fall we desire to again emphasize the claim that they are the best for the price that can be produced. We are pleased to show goods at all times. Come in.

J. L. FORD & SON Clothiers, Tailors.

See the ambra stripes in Neckwear. Very new and effect is beautiful.

CRESO

CRESO CORSETS
GIVE COMFORT.

The part covering the bust is made to accurately fit that portion of the person, and that covering the lower part is separately and with nicely adjusted to the abdomen, without interfering with the adjustment of the upper portion.

HELEN SERVATIUS.
Fall Gown shades her handsome.

There IS No Kodak But the Eastman Kodak.

They are 'way ahead of any other camera made.

We would be pleased to tell you all about them.
\$5 to \$35.00.

SMITH'S PHARMACY.

Wives

buy about everything that goes into a house—from a pound of tea to a piano. Take this into consideration in writing your advertisements and remember THE GAZETTE is the favorite paper of Janesville women. Its special departments for women are fresh and timely, and its general miscellany is of the best.

WIFE OF DREYFUS

WOMAN WHO APPEALED TO EUROPE'S MONARCHS.

Whatever Good Fortune There Is in Store for the Soldier, He Will Owe It All to His Wife—The Kind of Women Good Men Admire.

IF THERE is any hope for Captain Alfred Dreyfus, the life prisoner on Devil's Island, that hope will be realized through and by the spirited efforts of his wife, Lucie Dreyfus, the captain's beautiful wife.

Soon after his arrival at his place of exile he wrote to Mme. Dreyfus, "I rely upon you to solve this horrible mystery." Then his faithful wife, who had offered to share her husband's awful fate and was prevented doing so by the French government, set to work to free the captain, or at least to secure for him a new trial. She went to Berlin and flung herself at the feet of the emperor. One word from him, she pleaded, would release her husband. "Say," she prayed, "that the German embassy received no information from Captain Dreyfus." The emperor said the word she asked for, but it was of no avail. Next is visited the emperor of Russia, who took a keen interest in the case and did what he could to help the pleading wife. Next the pope was drawn into the affair, and also the queen regent of Spain. All of these eminent persons used their influence to

MRS. DREYFUS.

secure a reopening of the case, but with no success. Still the work which Mme. Dreyfus did was bearing good fruit. The newspapers continued to fight about Dreyfus. Zola and Max Nordau took up their pens and wrote with gall about some of the big people in Paris. Count Esterhazy was tried on a charge similar to that on which Dreyfus was convicted, and although not found guilty, the fact was all in favor of Mme. Dreyfus' campaign. Then Colonel Picquart, a friend of the Dreyfuses, fought a duel with Colonel Henry, and then came the last chapter of Henry's confession and suicide. Captain Dreyfus did well to rely on his wife to solve the truly horrible mystery, and that she will certainly succeed in liberating her husband or vindicating his memory if he should die there can be no doubt whatever. Mme. Dreyfus made this declaration: "I am convinced of my husband's absolute innocence and mean to prove it. Jehovah, God or Providence will ere long crush his enemies and restore him to me." This prediction certainly seems about to be fulfilled. Mme. Dreyfus is still a beautiful woman, notwithstanding the trying time she has passed through and the great grief she has felt. The sympathy of the world is hers.

Gloves Better Than Maps.

Gloves are much better than maps, but they must be very big gloves, was the burden of an address recently delivered to the Royal Geographical society in London by Prof. Elisee Reclus, the famous French geographer and anarchist. He said that the interests of education as well as of truth demanded that curves should be represented by curves, and a sphere or fragment of a sphere reproduced by another sphere or fragment of a sphere. Special interest attaches to what he said of exaggerated relief on plans of globes. For instance: "The system of exaggerating altitudes was utterly bad, contrary to real science, and ought to be discouraged by all geographers having respect for nature and her laws. All the pseudo-relief maps showing slopes with three, fifty, a hundred times the real proportions were the outcome of a childish love of exaggeration. Even on a globe of 1 to 1,000,000 the great masses of highlands and mountains, 3,000 feet in height, would hardly appear above the plains, and only by the contrast of light and shade; but summits of 10,000 to 14,000 feet would be seen perfectly well. If a very large globe were constituted on the scale of 1 to 100,000 the ruggedness of the surface might be finely drawn even in the case of hills and hillocks 150 feet in height. The representation of such ordinary heights which every one was accustomed to see gave an unexpected advantage by furnishing a standard of comparison."

Il Trovatore Wheel.

The "Il Trovatore" wheel, made in Germany, has a musical contrivance fixed to the handlebar and worked by the front wheel, and plays over 500 tunes. It can be stopped by a spring and set on again for half an hour, and so on, ad infinitum, until the machine wears out.

COLORADO SPRINGS IN RUINS.

Loss in Saturday's Fire Reaches \$1,000,000—Antlers Hotel Burned.

Colorado Springs, Colo., Oct. 3.—Fully eight blocks of the best portion of Colorado Springs is in ashes, including the Antlers hotel. The explosion of a car of powder and the high wind scattering blazing debris for a thousand or more feet are assigned as the principal causes of this great destruction. The explosion occurred early in the afternoon and it was 8 o'clock p. m. before the flames were under control. The burned district includes a tract four blocks long and about two blocks in width. The Antlers hotel, one of the largest in the west; the lumber yards and two blocks of business houses have been destroyed. In round numbers the loss is estimated at \$1,000,000, insured for half that amount.

The fire departments from Denver, Pueblo, Manitou and Colorado City responded promptly to appeals for help. The run from Pueblo was remarkable, forty miles in forty minutes, the up-grade being 1,500 feet. The Denver department made the run in excellent time through blazing forests near Palmer lake.

MANY FAMILIES NEED AID.

Report to Gov. Scofield on Forest Fire Losses.

Madison, Wis., Oct. 3.—Adj.-Gen. Boardman, who is in the section of the state swept by forest fires to investigate conditions and relieve the destitution, telegraphed Gov. Scofield as follows from Rice Lake:

"At Cumberland there are sixty-three families burned out, most of whom have lost everything. At Barron there are twenty-three reported now, fifteen of whom are entirely destitute. The needs of these people are similar to those at Turtle Lake. They are all farmers."

"At Cumberland, shipment should be made to S. H. Waterman, mayor of the city. At Barron to R. L. Haskins, chairman of relief committee. Will wire you later regarding the condition of people in country tributary to this place."

Hurricane Causes Distress.

London, Oct. 3.—The government has cabled to Sir James Shaw Hay, governor of Barbadoes, directing him to cable an estimate of the total sum of money required to cover the bona fide distress caused by the recent hurricane. The colonial office received the following dispatch from Gov. Hay: "Laborers' huts destroyed, 10,277; damaged, 4,644; cost to restore £37,000, not including personal effects. I have available £16,000 and earnestly require £20,000 more immediately. This estimate covers only the losses of the poorer classes."

Want Alaskan Territory.

Seattle, Wash., Oct. 3.—A report is in general circulation here that the Canadian commissioners have demanded a cession of territory in Alaska, including the towns of Dyak and Skagway. In return for fishing concessions on the Newfoundland boundary. A call has been issued for a meeting of the leading merchants to investigate the report. If found to have any foundation a strong protest will be made against the cession of any Alaskan territory.

Public Debt Statement.

Washington, Oct. 3.—The monthly statement of the public debt shows that at the close of business, Sept. 30, 1898, the debt, less cash in the treasury, amounted to \$1,067,479,205, an increase for the month of \$54,608,458. The increase in the cash during September was \$13,070,418. The total increase of the debt on account of the war loan, independent of cash, is \$142,720,820, of which about \$68,000,000 was added during September.

Advocates a Penal Colony.

New York, Oct. 3.—Prof. Van Buren Denslow addressed the Brooklyn Philosophical association at the Long Island Business college, and advanced the theory that we should colonize the Philippines with our criminals, and with those classes of society which find themselves unable to make a livelihood under the present economic conditions. Prof. Denslow said that our penitentiaries are nurseries of crime and universities of depravity.

Educate Your Bowels With Cascarets.
Candy Cathartic, cure constipation forever. 10c. 25c. If C. C. C. fail, druggists refund money.

DeWitt's Witch Hazel Salve has the largest sale of any salve in the world. Look out for the man who attempts to deceive you when you call for DeWitt's Witch Hazel Salve, the great pile cure. People's Drug Co., E. Milwaukee St.

More than twenty million free samples of DeWitt's Witch Hazel Salve have been distributed by the manufacturers. What better proof of their confidence in its merits do you want? It cures piles, burns, scalds, sores in the shortest space of time. People's Drug Co., corner Main East Milwaukee streets.

Horse Race Meeting, Taylor's Driving Park Association, Freeport, Oct. 4-7, 1898.

On account of the above, tickets, via the Northwestern Line, will be sold October 4-7, good until October 8, 1898, to Freeport from all points within seventy-five miles. Specially low rate. Apply to agents for full particulars.

Truth wears well. People have learned that DeWitt's Little Early Risers are reliable pills for regulating the bowels, curing constipation and sick headache. They don't gripe. People's Drug Co., corner East Milwaukee street.

You get enough Kirk's soap for 25 cents to last a long time. We give you ten bars for the price. Sanborn.

Police Must Shoot to Kill.

Berlin, Oct. 3.—The Prussian minister of the interior, Baron von der Recke von der Horst, has issued a decree to the police and the gendarmes in consequence of the recent riots at Liegnitz and Erfurt. In view of the fact, he says, that these riots might probably have been suppressed if the police had promptly taken draconic measures, the police hereafter in such cases must shoot to kill if their first order to disperse be disregarded. They must also use the saber so as to do execution in the ranks of rioters.

Will Return to Regiment.

Washington, Oct. 3.—Col. William J. Bryan has sufficiently recovered from his attack of fever to return to his regiment and this he intends to do in a few days. He will leave Washington over the Southern railroad for Hot Springs, where he stops two or three days. He will then go on to Pablo Beach, Fla., where his regiment is stationed.

Falls for \$1,000,000.

Manchester, N. H., Oct. 3.—A special from Dover says: "N. A. & J. Sawyer, woolen manufacturers, assigned Saturday afternoon. Liabilities are estimated at \$1,000,000. Ex-Governor Charles H. Sawyer is president of the corporation."

True Wisdom
It is far wiser to keep disease away than to fight it after it comes. An occasional dose of Hostetter's Stomach Bitters makes people hungry at meal time, and gives the digestive apparatus power to get full nutrition of food.

Ho tetter's Stomach Bitters
Thus bodily strength is maintained, the blood kept pure and disease can't find a foothold.

DR. WOOD

The Eminent Chicago Physician, will make his next regular semi-monthly visit to...

JANESVILLE, OCT. 8.

At Hotel Myers.

Consultation and examination free and strictly confidential, in the private parlors of the hotel.

N. E. WOOD, A. M. M. D., President Chicago Medical and Surgical Institute, 617 LaSalle Avenue Chicago Ill.

Late Consulting Surgeon to the Imperial German Military Hospitals of Berlin and Austria; Neurologist to Charing Cross, St. George's and Guy's Hospitals, London. Author of "Atlas of Eye and Ear Diseases," "Anatomy and Surgery of the Genito-Urinary Organs," "The Foundation of Life and Its Prolongation," "The Private Medical Counsellor," "Nervous Debility and Brain Exhaustion," "Varicocele and Impotency," "Private Lectures on Health and Hygiene," "Chronic Diseases and Deformities."

FREE CONSULTATION AND EXAMINATION.

Remember it costs you no money to get this eminent and reliable specialist's opinion about your case. It may save your life, or if incurable, it will save you money to know it. We are fully up to the times in all the latest inventions in medical and surgical operations. Appliances and instruments. Our institution is open for investigation to any persons, patients or physicians. We invite all to correspond with or visit us before taking action. Therefore, believing that a visit of consultation will convince any intelligent person that it is to their advantage to place themselves under our care. The Chicago Medical and Surgical Institute is endorsed by the people and the press. More capital invested, more skilled physicians employed, more modern appliances, instruments and apparatus in use than any other medical establishment in the northwest combined.

Free cure without pain, knife or hindrance from business.
Cures positively cured without pain or use of knife, by our new method.

Marriage. These specialists plating marriage, who are aware of physical defects or weakness which would render marriage a disappointment would do well to call on us.

Gold Medal Flour, \$1.00 | Gold Medal Flour, \$1.00 | Gold Medal Flour, \$1.00

Gold Medal Flour, \$1.00

GOOD FLOUR IS A LUXURY For Rich and Poor.

A Luxury That Can Be Indulged In By All. America's Greatest Family Flour--Washburn-Crosby Co.'s Gold Medal--

Reduced In Price to \$1.00 Per Sack.

Gold Medal Flour is true to its name---a medal winner. Has carried off the highest awards at Centennial Exposition, 1876; Miller's Exposition, 1880; World's Fair, 1893; Atlanta Exposition, 1895; and innumerable state and local fairs for the past twenty years. Gold Medal Flour is the culmination of time, money, work and study, and is the highest science of Flour making. The wheat from which it is made is selected and properly aged. It makes white, wholesome bread and the daintiest of pastries. In all our experience of selling Gold Medal it has never failed to please. Never a poor baking with it. There is but one Flour milled so widely known as Gold Medal and only one its equal in quality. It is the best of fancy patents and at \$1.00 per sack is remarkably low in price. The time to take advantage of a bargain is while the opportunity is open. We can't tell how long we will continue the \$1.00 price. The Flour is worth more money now than that.

FREUN'S WHEAT WAFERS

The perfectly digestible breakfast food, have no competitor. The cheapest food on the market. 10c per package. † Jas. Kirk's old reliable Soap, 10 bars for 25c, is doing the washing in a good many families.

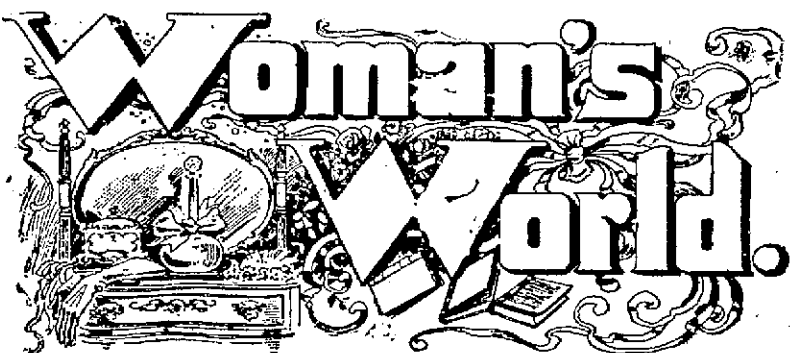

C. A. SANBORN & CO.

Our store is open every evening in the week.

West Milwaukee Street.

The accompanying illustration is from the latest portrait taken of her majesty the venerable queen of Hanover, sent from Gmunden. The queen, who was 80 on April 14, is the second oldest sovereign in Europe, the queen of Denmark being the elder by nine months, while Queen Victoria was 79 on May 24, so that these three queens, so intimately connected by birth and marriage, are now the oldest crowned ladies in Europe.

The queen of Hanover, who is the Princess Marie of Saxo-Altenburg, was married on Feb. 18, 1843, and became a widow on June 12, 1878. The great interest attaching to her majesty is the circumstance that her husband, King George V of Hanover (who lies buried at Windsor), was the last of the English sovereigns of that realm, which he lost in 1866 by taking the side of Aus-

THE QUEEN OF HANOVER.

tria. But perhaps the most interesting fact connected with Queen Marie is that her only son, the Duke of Cumberland, is a prince of Great Britain and Ireland--indeed the only foreign born prince who has his seat in the house of Lords, and whose eldest son, Prince George William, has the Anglo-Irish title of Earl of Arundel. Moreover, the duke is married to the younger sister of the Princess of Wales, her elder being the Princess Dagmar of Russia.

The queen of Hanover has two daughters, the beautiful Princesses Frederica and Mary, both of whom are also princesses of Great Britain and Ireland.

Princess Frederica married at Windsor April 24, 1880, Baron Allons von Pawel-Rammingen, honorary colonel of the Hampton rifles. The handsome Princess Mary, who has devoted her lifetime to her mother, is unmarried. On the occasion of the queen's birthday there was a great gathering of her family at the Villa Thun, and her majesty, so beloved by her family, walked through a quadrille with her eldest grandson, the Earl of Arundel. It may be observed that her majesty adheres to the style of dress in vogue at the time of her occupying a throne, and in our illustration is represented wearing the famous Cumberland pearls.

Their Beautiful Curls.

A fat woman, with a baby large enough to reach out and grab at whatever excited its interest, boarded a Third Avenue open car yesterday morning and settled down in the third seat from the front. On the seat in front of the fat woman were two young women in freshly starched shirt waists and high collars. Two beautiful curls straggled carelessly out of the braids on the back of each girl's head and hung down over her collar. A dozen men who were in the seats behind watched these curls as they hung in the prevailing fashion and gazed gently in the breeze as the car swayed a cross street. They were immaculate curls, and perhaps an unsophisticated man or two may have wondered how young women whose front hair was so straight had coaxed their back hair into such perfect curls. The fat woman glared at them and then began to doze. Her baby looked at the other passengers around her listlessly until the two pairs of swaying curls caught her eyes, and then she began to reach out for them. Baby's arms were too short. The mother rocked forward as the car came to a sudden stop, and the baby gripped a pair of curls in each hand. The car started at that moment and back flopped the fat woman and the baby, and in the latter's hands were the curls, one pair in each hand, and each pair attached securely to a hairpin. The young women in front felt the tugs. Their hands went back to search for the curls, and then they turned around. The fat woman was still dozing. The baby was chuckling with glee over her prizes, and a dozen men were smiling eagerly.

"Well, I never," said one of the girls as she caught sight of her curls.

"Isn't it awful?" said the other, and each girl grabbed the hand which held her curls and opened it by force. The baby began to cry and its mother twisting its wrists protested volubly in German. The girls secured their curls and flounced off the car at the next corner, followed by polysyllable words from the child's mother, who had not discovered the cause of the attack. The German woman was angry when she left the car, but the baby was chuckling as if it had been in the joke. --New York Sun.

To Escape Hot Weather.

"When early hours give warning of a day of great heat, the most sensible thing to do is to plan forthwith some really absorbing occupation to fill the hours of trial," advises Ella Morris Kretschmar in her practical talks to housekeepers in The Woman's Home Companion.

"While in the main it is well to regard summer time as the proper season for pleasant idling, when temperature conditions become intolerable, the surest refuge is congenial and absorbing occupation. The antidote that stands next is a deeply interesting book. Who has not forgotten entirely the without when immersed in pages which for a time make us a part of scenes and a life not our own? When we would escape ourselves, a book is indeed an ally.

"Good company is another beguiler of dragging hours and adverse conditions, and the hottest day of the season may leave in its train the pleasantest memories of a summer, if spent with congenial friend or friends. Do not, because the weather is 'unbearably hot,' hesitate to invite a friend for the day or to give a luncheon to a number of friends. It is just the time for agreeable diversion, and if your luncheon menu is appropriate, the toilets suitable and your own spirits good your guests will leave you grateful for a day of pleasure and surprised that temperature and discomfort have been largely forgotten. As it remarked in passing that it is not in conventional entertaining that the greatest social success is achieved or the true social faculty displayed.

"It is never wise to dispute right of way with forces absolutely superior to ourselves. When we find ourselves in mental collision with such forces, the only sensible thing to do is to face about and try to go in the same direction with them with what graciousness we can command. If instead of grumbling about the heat and frequently consulting thermometers with a view to justifying our groanings, etc., we keep in mind the fact that on such heat our health, happiness and material well being depend--as it does--we must be unreasonable indeed if we fail to be reconciled to the passing discomfort it entails."

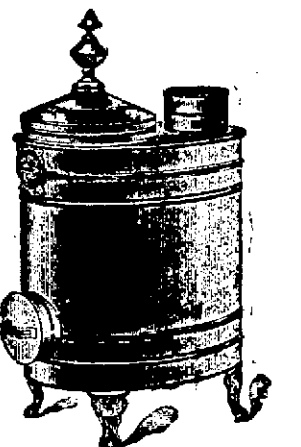

Thomson & Taylor Spice Co. are introducing "T & T" brand of coffee. Their name is a sufficient guarantee of quality.

The Man That Set = The World Afire

Is not this genial gentleman; he does not live in Janesville that we know of, and even though he did we shouldn't stop to discuss his actions.

We are interested only in the stoves that carry more fires through the bleak and chilly winters than all others. We sell these stoves that heat more homes in Rock Co. than all other makes and can speak intelligently on the subject.

Garland Stoves Save 1500 Lbs. Coal Through the Winter...

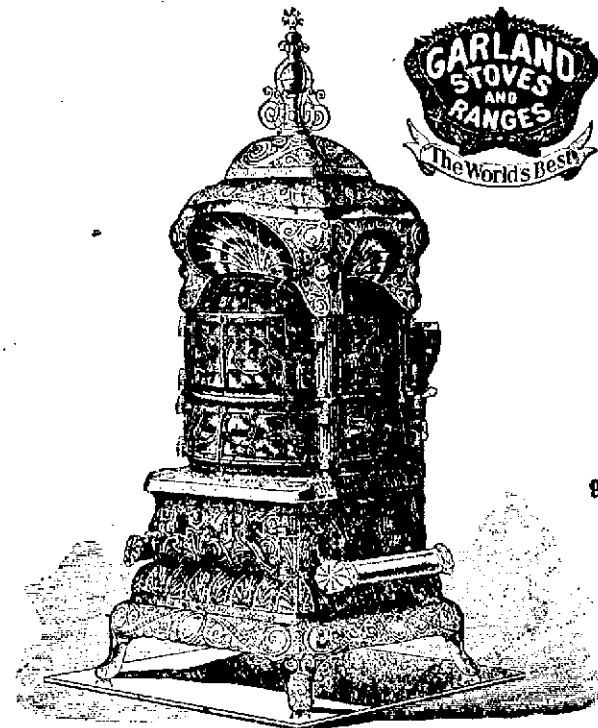

We guarantee this; we are perfectly safe in doing so. The greatest heater the country ever produced has proven its economic qualities. The construction embodies the points that make it the Stove King. We have other good makes of Stoves, the kind we can stand behind with confidence.

Peninsula, Radiant Home, Jewel, Round Oak.

Every one made to capture and hold trade. There is lots of pleasure between here and the hereafter if you get the right apparatus for capturing it.

**Cold Weather Pleasure
Obtained Through the aid of
An Air Tight**

The coziest stove ever invented. A big heat for a little money; a stove that burns most anything and yet makes no dirt or ashes; holds fire 48 hours.

Our Tin Shop is large but we could use more room for the business we are doing. Plenty of work, but never too much. We get so much Tin Work because we hustle it out.

LOWELL HARDWARE CO.
